This represents our best guess and is subject to change as the program evolves. The further into the future, the less accurate it likely is.

We have plans to eventually offer **N250, N310, N311, N320, N370, N350, and Video Game Studies** regularly in the future. However, it is not known when. **N315's** content has been rolled into N335 and N435. It will be discontinued and is no longer a required course. **N220** is under review.
